Government of NCT of Delhi **Department of Information Technology** 9th Level, B wing Delhi Secretariat IP Estate, New Delhi https://it.delhi.gov.in

F.No. E-11/4/2020-Dev-Secy(IT)/Vol-3/1408-77 Dated: 11/3/2025-

All Addl. CS/ Pr. Secretaries/Secretaries/ Head of Local /Autonomous Bodies Govt of NCT of Delhi.

Subject: Purchase, AMC of Computers/other IT Equipments through GeM Portal and Hiring of Manpower on Outsource basis

Madam/Sir

The Technical Evaluation Committee (**TEC**) of the IT Department has, after taking inputs from all Departments, including comments of the Finance Department, GAD,AR,Services and NIC, comprehensively updated the IT Department's previously issued circulars/orders and Standard Technical Specification, including those concerning cloud/email services etc. This circular supersedes all pre-existing circulars on the subject.

This issues with the approval of Hon'ble Minister (IT), Delhi

(K.Murugan) Joint Director (IT), Delhi

Government of NCT of Delhi Information Technology Department 9th Level, B-Wing, Delhi Secretariat, New Delhi-110002

F.No. E-11/4/2020-Dev-Secy(IT)/Vol-3/1478-1547 Dated: 11/3/2025

CIRCULAR

Subject: Purchase and AMC of Computers and other IT equipments through the Government e-Marketplace (GeM) portal

In keeping with Rule 149 of GFR 2017, all Departments / Offices / Autonomous Institutions / Boards / Corporations / Societies need to procure all IT equipments, including Computers and associated accessories, mandatorily through the **GeM** (<u>https://gem.gov.in</u>).

2. Due to rapid advancements in technology, the technical specifications of IT equipment(s) change frequently. Accordingly, in suppression of all previous circulars issued in this context, revised norms and guidelines for purchasing IT equipment and annual maintenance shall be as outlined herein. A procurement conforming with the guidelines prescribed herein need not be referred to the Department of Information Technology, GNCTD, for Technical Clearance (**TC**) / Rate Reasonability Certificate (**RRC**). The officials of this Department would also not be required to be included as a member of the purchase committee for any procurement undertaken through GeM, including for the Annual Maintenance Contract (**AMC**), while following the procedure laid out herein.

3. The **Revised Standard Technical Specifications** for procurement of IT equipments in common use today would be as prescribed in **Annexure I.** However, the procurement shall be subject to GFR 2017, Manual of Procurement, Delegation of Financial Powers, and other procurement guidelines issued by the Finance Department, GNCTD from time to time. The Departments/Autonomous entities could go for higher configurations after recording reasons on the necessity for the same, subject to administrative approval of the Administrative Secretary and Financial concurrence from the competent authority. **Procurement of other IT hardware,** other than those covered under **Annexure-I**, shall be mandatorily referred to the Department of Information Technology, GNCT Delhi, along with requisite justification, for technical clearance and only subsequently procured subject to further financial concurrence by the competent authority.

4. The **AMC** is an essential part and parcel of procurement of IT hardware since it adds to the life of IT equipment(s) beyond the normal warranty period. While inviting bids for any IT equipment, through the GeM portal, either extended onsite warranty shall be purchased along with IT equipment, or the additional cost for an extended period of warranty shall also be obtained as a separate component of the bids, to enable price comparison on **Lowest Life Cycle Costing (LCC)** basis. If AMC price is payable periodically, an appropriate discount rate is to be used for estimating the Net Present Value (**NPV**). The discount rate for NPV calculation shall be the 10-year G-Sec rate two days before the last date of receipt of bids. The guidelines for AMC are given in **Annexure II.**

5. The **life span of IT hardware**, except servers shall normally be taken 5 years for identifying the L1 supplier. Hence, the Departments may procure equipment(s) with 5-year warranty – original warranty + extended warranty (paid upfront)/ AMC (paid periodically). If the bidder does not provide the five years warranty support, the AMC charges for the remaining years of support may be given by the bidder. For cost comparison LCC shall be calculated using the NPV formula, using the discount rate as per para 4 above. If the systems still meet the user requirements beyond their normal prescribed life span of 5 years and the AMC Vendor agrees to continue the AMC on the same terms and conditions, the equipment may be continued with AMC after obtaining the approval of the Administrative Secretary.

6. The **rate of AMC** (obtained as upfront extended warranty cost or as separate pricing, where the extended warranty is unavailable) shall on an NPV basis *not exceed* 6% of the actual purchase cost of hardware means the cost *excluding* the additional warranty, anti-virus software, freight charges, handling costs, GST, etc. In the case of CCTV, EPABX, FAX, LAN, active components-switch, modem, etc. and Servers, the AMC amount shall not exceed 8% of the actual purchase cost. Passive components in LAN, such as CAT cable, I/O outlet, etc., shall not be included under AMC. The AMC amount, where payable periodically, shall normally be payable in 4 equal installments, 25% each on completion of every quarter of AMC, after deducting the downtime penalty, if any, in the contract period.

7. Specifications for the **UPS system** are given in **Annexure -I**. While receiving bid costs for an online UPS system, Split-up rates for the battery bank and UPS system should be invited, and the UPS system alone (minus the battery bank) would be considered for AMC purposes.

8. It shall be ensured that generally the **printer/scanner** for the entire office on a floor/hall is shared, as opposed to individual/independent printers. Multifunctional printers may be procured for this purpose. Such printers may be placed in a common area even if the physical rooms of officers/staff are separated. A **Smart Television of appropriate dimensions based on room size** may be procured instead of a **Multimedia Projector.** This Smart Television may be installed in the conference hall/ meeting room of the Department.

9. Further, for the officers of the rank of Head of the Department and above, **higher specifications IT equipment(s)**, including for individual printers, other than the specifications prescribed in **Annexure I**, may be procured, for justification to be recorded in writing by the Administrative Secretary, and after obtaining financial concurrence from the competent authority.

10. While inviting bids for procurement of any IT equipment, bid-specific terms and conditions could be added by the procuring entity based on its specific needs. In this regard, the Departments could refer to <u>http://gem.gov.in/additional-terms-and-</u><u>conditions</u> for guidance. Some important terms and conditions that could be included in the bid are reproduced below:

- (i) **Scope of Supply**: Bid price includes all cost components, including Supply, Installation, Commissioning, Testing of Goods, Licenses of software installed, and Training of operators and providing required Statutory Clearances (if any).
- (ii) **Commencement of Warranty** shall be the date on which installation is completed.

- (iii) **Extended warranty** for the complete life cycle of 5 years may be sought. Alternatively, capital cost, including normal warranty plus AMC cost, may be taken for the balance period.
- (iv) Certificates: The seller shall upload a certificate certifying that the hardware and the software being offered are licensed to freely use opensource use freely and do not contain any Embedded Malicious code that would inhibit the designed functions of the equipment, cause physical damage, lead to data theft, etc.
- (v) Manufacturing date: The manufacturing date of the hardware shall not be more than three months from the date of supply.

(vi) Service & Support:

- a. Availability of Service Centres: Bidder/OEM must have a Functional Service Centre in the National Capital Region (NCR). If the service center is not already there at the time of bidding, the successful bidder/OEM shall have to establish within NCR within 30 days of the award of the contract. Payment shall be released only after the submission of documentary evidence of having a Functional Service Centre.
- **b.** Escalation Matrix for Service Support: Bidder/OEM must provide an Escalation Matrix along with a timeline, contact person, mobile number, address, and e-mail for Service Support.
- **c. Deficient Service:** Service Level Benchmarks (SLBs) shall be laid down in the bid document to ensure that the complaints are handled in a pre-specified time, failing which a penalty may be imposed on the supplier. Recurrent deficiency should invite blacklisting of the supplier/ service provider.

11. To get competitive prices under bulk discount, the departments shall, unless for exigent reasons, **consolidate the IT equipment requirements** from all their offices, including from subordinate offices/societies/institutions etc. under their administrative control, on a half-yearly basis (beginning of 1st April, and beginning of 1st October) before tendering. Ad-hoc and piecemeal proposals shall not be entertained, and only for exigent reasons, to be recorded in writing, minimum required essential procurement may be done outside of half-yearly procurement.

12. In case of any **Router/Switch** for network connectivity, the department/government agencies may contact the Department of Information Technology, NCT Delhi.

13. The **inventory details of IT/ITes** hardware equipment(s) along with new procurement shall be sent to the Department of Information Technology, NCT Delhi, on a half-yearly basis (beginning of 1st April and beginning of 1st October) of every year in the format given in **Annexure –III.** This will be a useful reference for the TEC to handle Department-specific IT procurement requests.

14. The condemnation of IT equipment(s) shall be as per guidelines given in **Annexure-IV.** This shall not require any prior approval of the TEC.

15. The Administrative Departments may encourage the academic institutions under its fold to adopt the **One Nation One Subscription (ONOS) scheme** launched by the Government of India while procuring subscriptions to various research materials/journals/ magazines, etc.

16. The open-source license policy is issued by certain regulatory bodies such as UGC, AICTE, NMC etc. The Academic Institutions are encouraged to go for acquisition/ procurement/ availing services and should specifically clarify in their proposal submitted to TEC whether their regulating authorities have any such policy/recommendations.

17. The Departments shall only use licensed software. The Departments often use pirated software because the vendors provide factory-installed trial versions of MS Office. After the expiry of the trial version, the Department generally keep using the trial version by ignoring warnings or pirated versions installed through the local AMC provider. This adds to potential security threats. Hence the Department must use only licensed software, either open source under General Public License (GPL) or proprietary software with proper licenses. The concerned employee would be liable if they use unlicensed software.

18. The TEC concurred with the proposal of the IT Department, viz issuing guidelines for procurement of IT equipment and hiring of contractual manpower on outsource basis (No E.10/25/50/2014/HD-II/1325-1407 dated 11/03/2025). This circular supersedes all previously issued circulars.

This issues with the approval of Hon'ble Minister (IT), Delhi

(K. MURUGAN) JOINT DIRECTOR (IT)

GUIDELINES FOR AMC

- The comprehensive AMC of IT equipment(s) shall be provisioned through GeM with the date of commencement and the date of expiry of the AMC contract specifically mentioned in the contract.
- 2. The on-site comprehensive AMC, covering both preventive as well as corrective maintenance of IT infrastructure shall be procured. The AMC may be entered with those vendors/service providers who have their service centre within NCR or those vendors who commit to open their office within NCR within one month of the issue of the work order.
- **3. Preventive Maintenance** activity shall include updating service packs, drivers and operating system patches, physical clearance and testing of equipment(s), carrying out system diagnostic tests and taking requisite remedial action, point-to-point connectivity tests, etc. At least one preventive maintenance activity should be scheduled every quarter during the maintenance period.
- 4. Under corrective Maintenance, any defects in the IT equipment(s) shall be rectified, and all defective components of IT equipment necessary for normal operation, except consumables such as cartridges, drum kits, batteries, etc, shall be replaced. The AMC vendor shall replace the defective products/parts with similar of higher make/configurations of respective OEM products/parts at no additional cost beyond the cost stated upfront at time of procurement of equipment.
- **5.** The AMC vendor shall provide a **Service Escalation Matrix** with contact details (escalation hierarchy along with timeline, contact persons, mobile number, address, and e-mail) through whom the Departments/ Organization shall contact for AMC support.
- **6.** The Vendor shall have a **proper complaint call registration** procedure for logging complaints, follow-up etc., and provide traceability of all complaints from registration to call clearance, The vendor shall issue a customer service slip after every service visit, clearly indicating the time of call by the user departments, time of attendance of the fault by the AMC Vendor, nature of fault observed and whether cleared or not, If further observation needed, it would be given in writing whether the normal usage could be continued along with the details of subsequent visit for observation, closure of call, clearance of fault and any other relevant information.
- 7. Downtime will be recorded for faults/complaints pending beyond the prescribed time of Table 1 after the registration of complaints by the user Department with the AMC Vendor. The AMC holder shall give a unique complaints registration number and such relevant details as to the registration process leading to timely clearance of faults within the prescribed time. For complaints pending more than the prescribed time, a downtime record will be created by the user department and a pro-rata deduction of the penalty amount will be affected for payments due to the AMC Vendor at the end of

every quarter for the number of days the IT equipment(s) was not available for use from the call registration date.

8. Table 1-Downtime Penalty:

#	Type of Computer/Equipment	Downtime-Penalty
1.	If equipment standby is given within 24 hours, Downtime is NIL	"NIL" Penalty
2.	Laptop/Desktop Computers	Rs. 1,000 per day after 48 hours for every day/part thereof.
3.	Printers, Scanners, Multi-functional printers, Multimedia Projector, EPABX , FAX, Offline UPS, Digital Copier, etc.	hours for every day/part
4.	Servers	Rs. 5,000 per day after 48 hours for every day/part thereof.
5.	UPS Downtime	RS. 500 per day after 48 hours for every day/part thereof.
6.	For any of the computer, printers, UPS system at Bill Collection Centres, Hospital Registration Counters, and other emergency services.	hours for every day/part

9. The **IT equipments (computers, Printers, scanners etc.) identified as critical** for functioning shall be specifically, included in the AMC contract as a separate clause, and lower downtime and / or higher penalty for downtime for them may be prescribed.

ANNEXURE -IV

atic

Guidelines for condemnation & disposal of IT Equipment(s)

The IT equipment(s) will include the following items:

- Servers
- PCs
- Dumb Terminals
- Printers
- UPS
- Laptop/Notebook
- Package Software
- Technical books and manuals pertaining to hardware and software being condemned.
- Data Communication Equipment(s).

1. Applicable to:

- All Government Departments under Govt. of NCT of Delhi
- All Autonomous bodies/Local Bodies under Govt. of NCT of Delhi
- All PSU's under Govt. of NCT of Delhi

2. Grounds for condemnation:

The IT equipment(s) can be condemned on the following grounds:

- **Technically obsolete**: Hardware/Data Communication Equipment/ Package Software which has been used for at least five years and they are not in working condition.
- Beyond economical repair before 5 years: When repair cost is considered too high after looking at the current value (taking depreciation into account) and the age of the equipment after financial concurrence of competent authority. This could include IT equipment damaged due to fire or any other reason.

3. Disposal:

- Such equipment(s) shall be disposed of strictly following the procedure as laid down in Rules 217 to 223 of GFR 2017.
- Once the equipment has been condemned, it should be removed from office use and kept in the area allocated for scrapped equipment and auctioned therefrom within 60 days of being declared condemned.
- The Department will also ensure the removal of service and inventory labels from such equipment(s). All data, including the operating system, must be removed after taking a proper backup.

4. Responsibility of Department:

- Each unit of the Department will prepare an equipment condemnation note, which should be individually numbered with equipment descriptions, including the make, model, serial number, asset register number, purchase date, purchase price, reason for condemnation and additional information, if any.
- The Department will constitute a condemnation committee which will review the condemnation notes and decide about the condemnation of equipment as per guidelines given above. The committee should have at least one member with an IT background.
- All procedures and rules of the Government on maintenance of records for condemnation of non-consumable items will be adhered to in these cases.
- The condemnation will be done only after the report of the Condemnation Committee is approved by the Administrative Secretary. To avoid a piece-meal approach, all condemnation cases of a department may be processed 4 times a year, once every quarter of a calendar year.

F. No. 3(26)/2024-EG-II Government of India Ministry of Electronics and Information Technology (Digital Governance Division)

Electronics Niketan, 6, CGO Complex Lodhi Road, New Delhi – 110 003 Dated : 27th November 2024

Office Memorandum

Subject: Cloud service offerings provided by various categories of cloud platforms of cloud service providers under empanelment with the Ministry of Electronics and Information Technology, NICSI under its managed service provider contracts and NIC

Government entities require cloud services to host and manage various applications. For this, they procure cloud services from various cloud service providers (CSPs) as per technical requirements and the contractual terms desired. A variety of approaches are adopted for procuring such services, which may broadly be categorised as follows:

- (a) Cloud service providers under empanelment with the Ministry of Electronics and Information Technology (MeitY): Since 2015, to enable Government entities to procure with ease scalable cloud services with enhanced security and enhanced service levels, MeitY has been empanelling CSPs to provide cloud services. Details are available on MeitY's website (meity.gov.in/MeghRaj). The terms of empanelment constitute baseline requirements. Government entities, as per requirements, include additional terms while inviting bids for procuring cloud services for the desired cloud category from among empanelled CSPs. Such services are offered on three categories of clouds:
 - (i) public cloud;
 - (ii) virtual private cloud; and
 - (iii) government community cloud.

For management of the system and services, the government entity may engage a system integrator or managed service provider (MSP).

- (b) Cloud service offering of National Informatics Centre Services Incorporated (NICSI) under its managed service provider contracts: Since 2023, NICSI, a wholly-owned public sector undertaking of MeitY, provides to government entities cloud services on the MeghRaj 2.0 cloud platform maintained by NICSI under MSP contracts that NICSI has entered into. Details are available on ngc.gov.in. For availing of such services, interested Government entities place purchase orders on nomination basis under rule 204 of the General Financial Rules, 2017.
- (c) Other cloud service providers / offerings: Keeping in view technical requirements and the contractual terms desired, government entities also have the option of engaging CSPs other than those empanelled by MeitY or under NICSI's MSP contracts, and to adopt terms different from those under such empanelment/contracts, either directly or by engaging a technical government organisation/agency such as Digital India Corporation (DIC), Centre for Development of Advanced Computing (CDAC), RailTel, Power Grid Corporation of India Limited (PGCIL), Bharat Sanchar Nigam Limited (BSNL), Indian Telephone Industries (ITI) Limited and Telecommunications Consultants India Limited (TCIL).

2. Under an older MeitY-funded project (2013 to 2018), the National Informatics Centre (NIC) created and managed an earlier cloud platform called MeghRaj. With the passage of time, its infrastructure components have aged and are progressively approaching End of Life or End of Service. In view of the subsequent empanelment of CSPs by MeitY and the availability of the MeghRaj 2.0 platform, there are no plans for hardware refresh or software renewal. While some older government applications are currently hosted on this platform, the application owners would need to source appropriate cloud services as per technical requirements and the contractual terms desired. In this regard, the National Data Centres of NIC have issued multiple emails to the government entities whose applications are hosted on Meghraj.

3. Given the various options available for sourcing cloud capacities, government entities, from time to time, seek clarity and comparative details regarding the same. This OM seeks to share relevant information in this regard, with a view to enable procuring entities to make an informed and well-considered choice.

		MeitY-empanelled CSPs

5.3	Management of cloud services	Done by needs to procuring	cloud serve o be en g entity	vices MSP, who gaged by the	Done by the MSP engaged by NICSI for maintaining its platform
	Change in requirements over time, such as: (a) increase in concurrent users, and consequential expansion in the bandwidth for network and security services; (b) reconfiguration of virtual machines; and (c) scaling up of storage	per the project of concerne service typically set out documen such a unforese in require period, specifica not be co contract, challenge paragraph Procuren of additi to 25% to which m factor.	requirement of the go d, the rang options of be limite in the situation en expansi- ements dur the re- tions and/ overed by leading es. Furt h 9.3 of ment of Ge onal purch o 30% of the ay also be	basis of DPR. In , in case of ion or variation ring the contract equired rates, or services may the procurement to procurement her, as per the Manual for bods, the extent hases is limited he project value, e a constraining	Technical specifications being as per the generalised requirements for all government entities, the scope of contract entered into by NICSI with its MSPs has a broad range of sizing and service options, which may enable the procuring government entity to source through NICSI any unforeseen expansion or variation requirements during the contract period at pre-contracted rates and as per desired specification and/or services. Further, NICSI's contract with its MSPs being a service contract and not a goods contract, the value of additional procurement is not a constraining factor.

95/c

* Depending on the offering of the CSP, there may be various degrees of external visibility of the network.

** Through (a) NIC-assigned IP addressing scheme — Enables verifiability of network connects of individual applications; and (b) NIC-managed Domain Name System (DNS) — Strengthens perimeter security through identification of IP address STQC = Standardisation Testing and Quality Certification Directorate, MeitY

by

4.1 The information presented above summarises the present status on key aspects. Technology evolution being a continuous process, changes in implementation and contractual terms are necessitated over time. The Ministry shall endeavour to keep other Ministries/Departments updated with regard to the same.

5. The following broad points may be observed:

- (a) There is a trade-off between the higher scalability available on the public cloud and virtual private cloud based empanelled CSP platforms and the enhanced security posture of the government community cloud based CSP platforms and NICSI's MSP-maintained platforms.
- (b) There is a trade-off between the lower cost of a public cloud and the higher cost for enhanced security posture.
- (c) The functional advantages and implementation ease offered by platform-native services comes with the involvement of additional effort at the time of porting an application to a different cloud platform/service.
- (d) Higher external visibility of the network on NICSI's MSP-maintained platforms may offer a significant advantage, which may be relevant for applications for whom higher security is considered desirable.

6. Appropriate selection of cloud platform or service offering from among the various options listed in paragraph 1 is a decision that each procuring entity has to take. While making the selection, it may take into consideration current and future technical requirements and contractual terms desired for the particular application, and the trade-offs inherent to various options.

This issues with the approval of competent authority.

5. Circular dated 12.05.2016 vide no. A-12/87/2015-Admin-Secy (IT)/3121

The Department of Information Technology has issued various circulars to enable departments under GNCTD to hire contractual technical manpower. Now, in supersession of all previous Circulars/Letters issued on this subject, the following are the permitted categories of the hiring of technical manpower:

(1) Hiring of Technical Manpower without sanctioned posts

The hiring of technical manpower will be allowed for undertaking IT projects as duly approved by the TEC of the IT Department. The manpower hiring duration shall not be more than 11 months. The departments will provide information in the prescribed format (Annexure I). The details of sanctioned posts, filled-up posts, posts proposed to be created, etc., as per Annexure II, would also be relevant in this context. The TEC will examine the proposal and convey the decision taken.

Further, after the go-live of the project, the departments may continue the outsourced manpower, if required, for a maximum of three months during the implementation phase to resolve potential software issues that may be encountered. The department is to develop in-house capabilities to maintain the project. In case there are no IT officers in the Department, it will also be allowed to hire one DPA-level officer to maintain the software until a regular DPA is posted by the IT Department.

(2) Hiring of technical manpower against regular sanctioned vacant post

The administrative Secretaries of the Departments may hire the IT manpower on an outsourced basis, without requiring any approval of the IT Department, until the sanction, but the vacant post is filled up on a regular basis. Such hiring shall be for 11 months at a time, at the end of which the department will need to renew the extension of the contractual services based on the criticality of need and the performance of the contractual employee. Hiring of the contractual manpower will be based on the provisions of the GFR 2017, Manual for Procurement of Consultancy and Other Services, and will be subject to financial concurrence by the Finance Department.

) Hentlicher

(3) <u>Hiring of the IT Assistants (earlier Data Entry Operators) against the vacant</u> post of LDC/Jr. Assistants/ Sr. Assistants/ Stenographers

The administrative Secretaries of the Departments may hire the services of the contractual IT Assistants (earlier Data Entry Operators) against the vacant regular posts of the LDC/Junior Assistants/ Sr. Assistants/ Stenographers on an outsourced basis. There is no need to send the file to the IT Department, GNCTD, for technical clearance. However, the departments shall follow all other required codal formalities and provisions as per Rule-149 of GFR.

The hiring under the three permitted categories, as above, shall comply with the norms laid down by the following Circulars:

- (i) Circular of AR Department No. F.19/68/AR/ADMIN/ 2022/1613-15 dated 19.06.2024, mandating that the contractual/outsourced employees shall not be engaged/ continued without obtaining due approval of the Finance Department and competent authorities (Annexure III).
- (ii) O.M. of Services Department No. F.19(40)/2023/Res./S.IV/1816-27 dated 21.11.2024 regarding the grouping of posts (Direct Recruitment) in case of isolated posts and small cadres (Annexure IV).
- (iii) OM of DoPT No. 36036/ 3/2018 Estt.(Res) dated 15.05.2018 mandating that there shall be reservations for SC/ST/OBC candidates in temporary appointments to last 45 days or more (Annexure V).

This issues with the approval of the Hon'ble Minister (IT).

Encl.: as above.

OIRCULAR .

It has been noticed by the competent Authority that the services of contractual / outsourcing staff have been allowed to continue for years without approval of the Emance Department, GNCTD, It completely violates the extant guidelines on the requisite approvals needed before any engagement of the contractual/ outsourced staff.

In this connection, an Office Memorandum was issued vide 1:20/28/2016-AC/634-673 dated 19.08:2016 by the Finance Department, GNCTD relating to exercise of powers delegated to HODs / Administrative Secretaries with respect to the extension of all kind of outsourced services/staff.

In the aforesaid context, all Departments are hereby directed that the contractual / outsourced employees shall not be engaged / continued without obtaining due approval of the Finance Department and the Competent Authority. All the Heads of the Departments are requested to ensure strict compliance to these directions.

This issues with the prior approval of the Competent Authority

GOVERNMENT OF NATIONAL CAPITAL TERRITORY OF DELHI SERVICES DEPARTMENT – (BRANCH-IV) 5TH LEVEL, 'B'-WING, DELHI SECRETARIAT, I.P. ESTATE, NEW DELHI-110002

No.F.19(40)/2023/Res./S.IV/ 18/6-1827

Dated: 21/11/24

OFFICE MEMORANDUM

Sub: Regarding Grouping of Posts (Direct Recruitment) in case of isolated posts and small cadres.

A Committee of Senior Officers of Government of Delhi was constituted with the approval of the Chief Secretary, Delhi to examine the issue of correct formulation of reservation roster in institutions/departments/organizations/bodies/boards/entities etc.

The Committee has, inter alia, recommended that, Union Territory Administration of National Capital Territory of Delhi should ensure implementation of the system of "Clubbing of posts having same level of pay in accordance with the Central Educational Institutions (Reservation in Teachers' cadre) Act, 2019 and Government of India.

The recommendation of the Committee has been perused and in this connection, all the Head of Departments are informed that vide Central Educational Institutions (Reservation In Teachers' Cadre) Act, 2019 and OMs issued by DoPT, GoI, the Government of India have issued various instructions and guidelines in the matter of Clubbing of Posts. In this regard, relevant extracts from said provisions/instructions/directions are reproduced as under:-

Section 3(1) Central Educational Institutions (Reservation In Teachers' Cadre) Act, 2019 :-

"....3. (1) Notwithstanding anything in any other law for the time being in force, there shall be reservation of posts in direct recruitment out of the sanctioned strength in teachers' cadre in a Central Educational Institution to the extent and in the manner as may be specified by the Central Government by notification in the Official Gazette

For the purpose of reservation of posts, a Central Educational Institution shall be regarded as one unit...".

<u>DoPT, GoI' OMs dated 11/11/1971, 12/12/1974 &</u> 23/07/1985:-

".... In the case of posts filled by direct recruitment, isolated posts and small cadres may be grouped with posts in the same class for the purpose of reservation orders taking into account the status, salary and qualifications prescribed for the posts in question. For the purposes of determining the reservation, the vacancies occurring in various constituents of the Group may be plotted on the roster strictly in a chronological order i.e. sequence of date of occurrence. While reservations would be made according to the groups as provided above, the total reservation in any of the posts/services so grouped should not exceed 50 per cent of the vacancies to be filled in it i.e. in the particular post/service, in a recruitment year. The total reservation for SCs, STs and OBCs in any post or service should also not exceed 50 percent of the total number of posts in the particular post/service...."

<u>(OM No. 1/4/1970-Estt (SCT) dated 11/11/1971)</u> (OM No. 8/1/1974-Estt (SCT) dated 12/12/1974) (OM No. 36011/17/85-Estt.(SCT), dated the 23/07/1985)

All the Departments/Institutions/Organizations/Bodies/Boards/ Entities etc. under GNCTD, including MAIDS are, therefore, directed to ensure Clubbing/Grouping of posts in a time bound manner and incorporate immediately Grouping/Clubbing of posts in formulation of Roster and Recruitment process wherever applicable. It is the responsibility of the Head of the Department and Liaison Officers of all the Departments/organizations /Bodles/Boards/Universities/Medical Colleges/ Educational Institutions etc. to re-check the position regarding various posts wherever clubbing is required as per the extant DoPTs OMs & Government of India instructions. Further, the Liaison Officer will submit a action taken report in the prescribed proforma(Copy Enclosed) to the Services Department.

This issues with the approval of the competent authority.

OFFICE MEMORANDUM

Subject:- Reiteration of instructions relating to reservation in temporary appointments - regarding

The undersigned is directed to say that vide OM No. 27/4/67(II)-Estt.(SCT) dated 24.09.1968, reservation for Scheduled Castes and Scheduled Tribes has been provided in all temporary appointments, except the appointments which are to last for less than 45 days. Vide OM No. 36036/3/2018-Estt (Res.) dated 15.5.2018, it has been reiterated that in respect of appointments to Central Government posts and services, there shall be reservation for Scheduled Caste/ Scheduled Tribe/ Other Backward Class candidates in temporary appointments which are to last for 45 days or more.

2. The Parliamentary Committee on the Welfare of Scheduled Castes and Scheduled Tribes has, however, observed that the instructions contained in the aforesaid OMs are not followed in letter and spirit and has directed that these instructions may be recirculated to all Government Departments.

3. In view of the above, all the Ministries/Departments are requested to ensure that reservation for Scheduled Castes/Scheduled Tribes/Other Backward Classes shall be made in all temporary appointments which are to last for 45 days or more. These instructions should be conveyed to all concerned for strict compliance.
